

Spring Series of Meetings to Begin At the Church of Christ

Homer Hailey, instructor of Bible in Christian College and minister of Highland Avenue Church of Christ in Abilene, will begin a series of gospel services with the Hamlin Church of Christ Monday, April 13. He comes as one qualified and capable of presenting the truths of the Bible in contending earnestly for the faith once for all delivered to the saints.

Irvin Driskill, student in the college for San Antonio, will direct the song services. This will be his second appearance in Hamlin, having served in the same capacity in the Spring meeting last year.

A rather unusual arrangement has been made for the day sessions of the meeting, yet it is believed to be both practical and profitable. Four o'clock in the afternoon is the time set for all day services except Sunday. This plan makes it possible for school students to attend the day as well as the evening gatherings. Not only that, but many business men, having completed their daily tasks by that time will be able to enjoy the afternoon lessons. The evening service will be held at 8

o'clock. Remember services twice daily. Four in the afternoon and eight in the evening.

With faith in the Bible as God's inspired word, and in the gospel of Christ as His power to save, believing that men must be taught the principles of salvation to have faith in the Son, and that the Bible reveals everything that pertains to life, the leaders of the congregation have arranged this program in the sincere hope that the public may be vitally interested in hearing of the things written in the Book of God.

These services are for you. Man cannot grow so high that he needs not the blessings and promises of the gospel, neither can he sink so low but that the message of Christ can reach to save, if he comes penitently obeying the Lord's commands.

Do not forget the hour for meeting. Four o'clock in the afternoon and eight in the evening. Attend each service. Bring your Bible. Bring your pencil and paper. Be noble like the people of Berea and check with the Bible the things spoken to see whether they are true.

WOODIE HOLDEN.

BAPTIST CHURCH

We had good services at the Baptist Church last Sunday. We appreciated the presence of everyone very much.

Our Training School, under the direction of Mrs. R. H. Rogers, is progressing in a good way. Miss Ione King is teaching Intermediates and she is the best. We thank First Church, of Sweetwater, for loaning her to us. Mrs. Roberts and Mrs. Mathis have good classes with the Juniors and Primaries.

This Sunday is Easter. We should have 400 in Sunday School. The theme of the morning message will be "The Resurrection."

Come worship with us.

J. HENRY LITTLETON, Pastor.

GOLF TOURNAMENT

HAMLIN LAKEVIEW GOLF CLUB

Qualifying rounds begin now till April 15th. Play off matches start Thursday, April 16 to and including Sunday, April 19th. Prizes will be given to the winner of each match. Medalist and consolation. Fee \$1.50.

REV. HUBBARD REMEMBERED BY FRIENDS

Sunday afternoon Rev. Hubbard, who has been ill for two weeks, was happily surprised when friends and members from churches which he had formerly pastored, came to his home near Neinda to conduct a gospel service. The main speaker for the afternoon was Rev. Thornton, pastor of the Shrinley Lake Church. He read the 18th Psalm which was the basis for his talk.

The members from the Judd Church also remembered their former pastor in a very helpful and material way, bringing with them a nice collection of foods and useful things which they presented to Rev. Hubbard and his family. Those present from this church were Mr. and Mrs. A. C. Hutchens, Mr. and Mrs. Gean Florence, Mr. and Mrs. L. H. Mathis, Mr. and Mrs. T. A. Holcomb, Mr. and Mrs. M. L. Ivey and daughter, Ilene, and son, B. L. Others present were Rev. and Mrs. Thornton from Shrinley Lake Church, Rev. and Mrs. Griffin and Mr. J. L. Johnson from Wise Chapel Church.

Mr. and Mrs. E. Clyde Smith and daughter, Miss Phyllis, of Merkel, were here Sunday to visit Miss Eleanor Temple and other friends.

BAD AUTO WRECK IN SOUTH HAMLIN

Early last Friday night, one of the "bad kind" of automobile wrecks happened on Central Avenue—South Hamlin.

Mr. and Mrs. Jess Alford, of Demmitt, Texas, had arrived in Hamlin for a visit, and when just opposite the Hopper Service Station, Mrs. Alford turned to go east on the street passing just south of the Station, evidently not noticing an on-coming car. Quicker than a flash the car was upon them, and a terrible crash and a scream.

The car meeting the Alford car was driven by Wilburne Fields, of near Neinda, accompanied by C. D. Scott, Jr. and A. V. Westmoreland. They were traveling in an almost new Dodge car and at perhaps 40 miles per hour, according to their report. So near were they upon the visiting car that nothing could be done to avert the crash. Fields left the paving and slipped on the loose gravel and dirt and collided with the Alford car, turning it in the opposite direction and throwing the couple out.

Mr. and Mrs. Alford were rushed to the Hamlin Hospital, where it was thought for a while Mr. Alford was fatally injured. However, he and his wife are considered out of danger now.

Wilburne Fields was thrown against his windshield and violent enough to "spangle" the glass, which fortunately was shatter-proof. The cars were exceedingly bent, crushed and twisted but not another glass was broken. The boys were badly shaken and somewhat bruised but fortunately not seriously. The Fields car was taken to Dallas Tuesday for repairs and straightening.

The Mr. Alford in this wreck is an uncle of Sam Alford formerly well known in Hamlin.

ELECTIONS MAKE LITTLE CHANGES

Maybe some people did know that there was a school trustee election in Hamlin last Saturday. There was. Two trustees were elected and there was but 37 votes polled.

This year, according to the law, there were two to be elected. Next year there will be three—then the following year two again and so on. This means that each set of two or three serve three years.

The men chosen Saturday were T. E. Shelburne and Tom Teague. Two good and true citizens, none better even had 600 voted.

CITY ELECTION KEEPS MAYOR

CULBERTSON and ALDERMEN

Tuesday there was another election. One Mayor and three Aldermen were to be elected and they were. A better turnout was secured in the City voting than in the school. A total of 292 votes were cast.

Mayor Culbertson received—228
W. J. Arrington ——— 63

ALDERMEN:

M. C. Wilson ——— 272
H. O. Cassle ——— 220
J. W. Ezell ——— 236
J. S. King ——— 64
D. O. Sauls ——— 77

Let the following be a suggestion in the way of improvement in the matter of elections in Hamlin in the future and perhaps more people will take an interest.

Persons to be voted upon should be known at least one week before election day. We mean by that the ticket should be "closed" so that voters can have a little time to make up their minds. Again the method of somebody "slapping" on a name of some person, maybe in fun, and that person not even know it till the polls open is not fair or conducive to good government. Any person whose name is placed on the ticket should first give his written consent to same one week before the day for election.

Mr. and Mrs. Grady L. Dunnam and four sons have moved to our city from Winters. Mr. Dunnam has charge of the Meat Department in the Helpy-Selfy Grocery.

IMPORTANT MEETING FARMERS TUESDAY

County Agent Maxwell requests the Herald to announce that on next Tuesday, April 14, at 2:00 P. M. in the Auditorium of the Hamlin High School, there will be an important meeting of the FARMERS of the DISTRICT No. 1 of the Jones County "Soil Conservation and Domestic Allotment Program" which means all the farmers of the School Districts: Dowie, Flat Top, Plainview, Tuxedo, Wise Chapel, Carlton, Lakota and Hanna.

Farmers reading this will please "grape-vine" the word to any farmer of these communities who may not hear of the meeting.

According to information, this county has been divided into SIX district and similar meetings are being held either this week or next week in all the districts for the purpose of electing committeemen. Then later these committeemen will pick a chairman and the six chairmen will elect a County Committee to be composed of THREE.

This is the organization of the New Farm Program and it should be of interest to everybody, even those who are NOT farmers.

SAVE PENALTY AND INTEREST

APRIL 30, 1936, LAST DAY FOR PAYMENT OF HAMLIN SCHOOL TAXES WITHOUT PENALTY AND INTEREST

In compliance with the Texas State Statutes, the Hamlin School Board has set the last day of this month (April 30, 1936) as the final date for the payment of unpaid taxes due the Hamlin Independent School District without penalty and interest.

We are asking for payment of Hamlin School taxes before April 30 for two reasons, viz.:

1st. The Hamlin Independent School District is far behind in the payment of accumulated debts and must have money for payment on these debts.

2nd. The Hamlin School Board has been extremely lenient in the matter of school tax collections, and in conformity with this leniency has set the final date for the payment of school taxes without penalty or interest at a late date—April 30th.

Please help finance your schools by immediate payment of your school taxes.

Signed,
HAMLIN SCHOOL BOARD
(24-41).

Mrs. Wade Collins, of Brownfield, is here at the bedside of her father, W. D. Eakin, who is sick. Also Mrs. Tom Boyd, of Winters, a niece of Mr. Eakin, is here this week. Mr. Eakin is a very sick man and has been for several weeks.

ANNOUNCEMENT

Starting Monday I am beginning a "Helpy-Selfy Laundry" All prices will be in line. Will appreciate your laundry patronage. Location: First House south of Rev. Littleton's across the street from High School. C. T. COLES.

CAKE SALE

A cake sale will be held at the Ensey-Carlton Grocery, Saturday, April 11, sponsored by the Carlton 4-H Club.

Mr. and Mrs. L. R. Rose went to Rule Sunday to visit Mr. Rose's mother. They were accompanied by Mr. and Mrs. John Ferguson.

MASONIC ADDRESS MONDAY NIGHT

At the next Stated Communication of Hamlin Lodge No. 958, A. F. & A. M., Monday, April 13th, 1936, at 8:00 P. M., V. E. Wratten, D. D. G. M. of Wichita Falls District, will deliver a Masonic address.

All members are urged to attend. Invitations has been sent out to nine other lodges in this area. Approximately one hundred members of these lodges have signified that they will attend.

Just prior to the Address of Mr. Wratten, members of Abilene Lodge No. 559, A. F. & A. M., will present a playlet titled, "The Greatest of These". It is one act. The director is Davis Scarborough. The play has been put on by this Lodge at intervals now for several months, and was recently put on in one of the large Lodges of Dallas. It teaches a good lesson and draws favorable comment from all who have seen it.

Refreshments will be served at the close of the meeting. Visiting brethren are welcome.

E. C. FEAGAN, W. M.
W. E. BENSON, Secy.

MRS. GEORGE WAINSCOTT, JR.
AGE 32, CLAIMED BY DEATH

Death deeply saddened the home of George Waincott, a prominent young farmer of the community six miles east of Hamlin, when his wife, age 32 years and 24 days, passed away after a short illness, in the Stamford Sanitarium, Friday, April 3, at 1:00 P. M.

Funeral services were held at the Fairview Church Saturday afternoon by the Rev. Shannon, of Abilene. The Barrow Company had charge of the body and interment was in the Fairview Cemetery.

A large number of sympathetic neighbors and friends were present to express their love and esteem.

Mrs. Waincott was a sincere Christian woman, a faithful companion and devoted mother. Her maiden name was Ruby Lanelle Cantrell and she was united in marriage to George Waincott, Jr., at the pastor's home in the Abilene community on September 25, 1920. To this union there were four children, who with their father mourn the untimely death of their mother. The children's names and ages are as follows: Weldon, 13; Mary Ellen, 11; Wayne, 9; and Peggie Lanelle, age 6 years. She is also survived by her father and step-mother, Mr. and Mrs. Wood W. Cantrell, of Elmott, near Waco, Texas. Her own mother died when she was about 16 years of age. Three sisters, and five brothers also survive, namely, Mrs. Curtis Miller, and Miss Evelyn Cantrell, of Elmott; Mrs. Jenkins Tipps of Lubbock; Wilburne and Glenn Cantrell of Carlsbad, New Mexico; Warren Cantrell, of Stamford, and Moody and Leroy Cantrell of Elmott.

CENTENNIAL LURING MANY OF 11,565,400 VISITORS IN LONE STAR STATE'S BANNER VACATION YEAR

\$7,500 FOR EACH MAN, WOMAN AND CHILD IN THE STATE

Surpassing even the optimistic estimates of native Texans, a practical national statistician of tourist trends today predict that 11,565,000 persons will visit Texas this year, spending \$446,225,700 to share in the Lone Star State's celebration of its first hundred years of history, growth and development. These figures are those of Joe H. Thompson, who as national director of the Conoco Travel Bureau, Denver, has achieved recognition for conservative accuracy in many years of plotting the itineraries and spending plans of the American Motorist.

The amount to be spent represents approximately \$7,500 for each man, woman and child in Texas. Thompson points out it will find its way into the channels of state and local business in the state as follows: \$89,245,000 will go for lodging and a like amount for gasoline, 60 garaging and automotive repairs; \$93,707,000 will be spent for assorted retail purchases; \$11,556,000 will be spent for food; \$25,897,000 for amusements; and \$25,733,000 for miscellaneous refreshments, smokes and confections.

The Centennial Exposition is the principal lure, according to Thompson, but letters which have reached the travel bureau in such volume as to point to an all-time record year tell also of plans to explore the "white Texas empire" before leaving the state.

"There can be no doubt," Thompson declared, "that the determination of residents of all the other states to see Texas this year is the most significant development on this year's travel calendar. It is just one of those things, the proportions of which even we, who are closest to the hopes and aspirations of the nation's motorists, find hard to grasp."

TERRELL'S STORE HAS BIRTHDAY

Last week workmen made a great change in the front of Terrell's Red & White Grocery, by tearing out the old front and constructing a "straight" run of plate glass with a door to one side. Then all this received a new coat of bright red paint striped with white and along with all this there were several other modernizing changes—just as a kind of celebration of their FIRST Anniversary.

This week this store put out a lot of "Magazine Advertising" printed in Hamlin, along with the space in this issue of the Herald. In the new-like store they are ready to greet their trade in a birthday mood.

TO WORK NEINDA

CEMETERY NEXT MONDAY

All persons interested in keeping the Neinda Cemetery in proper condition are requested to join in the working next Monday, April 13, at 9:00 A. M. Please bring working tools. —COMMITTEE.

McCAULLEY NEWS

Here we are. You can guess about how much we enjoyed the sand storm, but listen, several of our school teachers spent the weekend on the Plains. They say the sand was twice as bad up there. If you don't believe this, just ask Miss Vera Fate.

Bro. and Mrs. J. P. Hardesty spent this week on the Plains. Bro. Hardesty preached at Canyon Sunday. The Methodist revival will close Sunday night. Bro. Herring surely has brought some real messages. The message he brought on prayer has made us realize what we need—we all need to pray more.

As Easter draws near let us all remember we are worshipping a living Savior. Let us show our love for Him by living daily for Him. Yes, our Christ arose from the grave, to die no more. He is our hope, and only hope for life beyond the grave. Let's trust and obey Him.

STOP — LOOK — LISTEN

"The Man In the Green Shirt" a play is to be presented by the Junior Class of McCaulley High School, Wednesday night, April 15, at the School Auditorium. Admission 10c and 15c.

Cast of characters follows:
George T. Fuller — Harold Wells
Ivan Ross — J. Jayroe
Egbert Cain — Marvin Davison
Willie Roach — Elwood Kean
Mrs. George Fuller — Elizabeth Hines
Delphine Larule — Latane Akins
Mrs. T. Jefferson Jaynes — Sybye Kelsey

Lena Mae Crow — Florene Maberry
Millie Fuller — Millie Drennan
Emmy Rockhart — Frances Maberry
Presented by special arrangement of the Willis N. Bugby Company.

If you want to see a real play, see this one. The Juniors are a real jolly group. Listen, boys and girls, do you know how to make love? If you want to know how—come, listen to J. B. Jayroe. The policeman will be on the job, but the poor Mr. Fuller is looking for "The Man In the Green Shirt". We wonder who will save poor Millie, the unselfish child? She would marry a man she despised to save her father, but—come see what happens. A three-act comedy, sponsored by Misses Mildred Butler and Kenna Rector.

—REPORTER.

Mrs. Hub Hyatt and Boots Walker were called to Meadow, Texas, on Tuesday of last week by the sudden death of their father, A. L. Walker, who dropped dead on the streets of Lubbock. He was 65 years of age. They returned Friday, but Mrs. Hyatt returned to spend this week with her mother in Meadow.

Poverty helps bad people to be good.

PLAINVIEW NEWS

BY ABE HESTER, JR.

On April 1, the school children attended the Annual Play Day held at Lueders where basketball games, track meets, and other entertainments were had. Everyone seemed to have had a big time. A large number of schools were represented there.

Plainview defeated Corinth 24-5 in a baseball game last Friday. A game is scheduled with Union here on Friday afternoon.

Miss Olet Donaghey, who had her tonsils removed Saturday, is now doing nicely.

The Plainview Junior boys were defeated 4-0 in a play ground ball game with Wise Chapel last Friday.

Nowell McDonald, of Taft, Texas, visited his parents, Mr. and Mrs. F. J. McDonald last week.

Mose T. Jones, Jr., R. P. Hattox, John Beauchamp, and Bill Hood, made a business trip too Abilene, Monday.

Mr. and Mrs. J. V. Hester and daughter, of Histon, visited Mr. and Mrs. J. B. Wade, Friday.

G. A. Weeks and son, Melvin Joe, are visiting on the plains this week.

Several from this community attended the County Singing Convention at Stamford Sunday.

Miss Ruth Floyd visited friends at Hilton, Texas, on Sunday.

A. P. Hattox is now driving a new Plymouth sedan.

YOUNG DEMOCRATIC

CONVENTION TO BE

HELD IN ABILENE MAY 8-9

ABILENE, Texas, April 9.—Plans are rapidly going forward for the holding of the State's Young Democratic Clubs Convention to be held in Abilene May 8 and 9.

J. Bryan Bradbury, chairman of the Abilene Convention Committee, stated that many prominent Democrats of the State and Nation have been invited to attend, and some have already accepted invitations. Attorney-General William McCraw will appear on the program, and a definite answer from Governor James V. Allred is expected soon. Other prominent Democrats of the Nation are also expected to be on the program.

Invitations are going forward to the Governors and other high officials of surrounding states.

From responses received, the largest crowd in the history of the Young Democratic Organization is expected to attend the May convention. This is due to the fact that this is a State and National campaign year, with many candidates in the field and many live issues to be debated on the convention floor.

Manipulation may get a job, but only merit will hold it.

O. E. S. SCHOOL OF INSTRUCTION

Those from Hamlin attending the Order of The Eastern Star School of Instruction in Sweetwater, April 1, were: Mr. and Mrs. Ira Clements, Worthy Patron and Worthy Matron of Hamlin Chapter, Mr. and Mrs. George Bender, Mmes. D. Freedman, Otis Hopper, J. E. Bury, Craig Elmore and Miss Opal Corey.

Other attractions besides the school was a Blue Bonnet Luncheon, and a Centennial Banquet at the Macie Hotel by the Nolan County Chapters.

Those going from Hamlin went prepared for the examinations and all nine returned with 100 on their grade and will receive a Certificate of Proficiency in the Secret Work of the O. E. S.

DOVIE SCHOOL NEWS

The following pupils in Dovie school made an average of 90 or above for the sixth month of school:

First — Gordenia Smith, Glen Pope, Betty Jo Green, Junior Ludecke, and Henry Lewellen.

Second — Ida Lou Proffitt.

Third — Merle Jenkins, Elouise Buntin, Willie Lewellen, Don Ray Harrison, Georgia Fay Smith, Eual Jean Ricketts.

Fourth — Beauford Buntin, Kenneth Green, and Ida Fay Ludecke.

Fifth — Billy Harrison and Le Verne Bessire.

Sixth — Harold Ludecke, Maxine Agnew, and Olive Adams.

Seventh — Horace Crow.

Eighth — Warren Adams.

Ninth — Charline Ricketts, Howard Crow, and Jessie Lee Adams.

Those who were neither tardy nor absent are: Wanda Holden, Mary Alice Lewellen, L. V. Hill, Georgia Fay Smith, Eual Jean Ricketts, Willie Lewellen, Loy Lee Nelson, W. Harrison, Ray Fuller, Albert Hill, T. Malone, Maxine Agnew, Billy Beauford Buntin, Mable Hill, Ravinell Smith, J. D. Adams, Horace Crow, James Ricketts, Alfred Fuller, Dorothy Lanell Crow, Warren Adams, Howard Crow and C. G. Smith.

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Oora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right."

CARDUI

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

FACTS ABOUT OLD AGE HELPS

AUSTIN, April 7. — "Knowing their business yet being courteous our field workers must understand the view point of the many aged citizens whose homes they enter," said Orville S. Carpenter, executive director of the Old Age Assistance Commission, this week in explaining the set up.

Investigators have been calling at the homes of applicants for three weeks now. Some 140,000 aged have applied, and as there were 300,000 blanks distributed, many more applications are expected to be filed.

"We are sending men from the State Office to the twenty district offices and are holding schools for investigators. Our field workers must have a thorough understanding of their work.

"All investigators in a district meet with the men from the central office at the headquarters city of that district. Policies of the Commission, the law itself, and technical questions are explained to the assembled field workers.

"We have a humane purpose; we have good workers. The Commission is anxious for the aged of Texas to receive the most good possible from the old age assistance law," Mr. Carpenter declared.

"Applicants are co-operating with us and they realize that we are doing everything we can to facilitate these investigations which the law requires," he added.

Employees of the State Office and those of the twenty district have been working fourteen and fifteen hours a day. As some 140,000 separate investigations must be made (and many more are expected to make application), an enormous task faces the Old Age Assistance Commission.

"Payments will start just as soon as investigators complete their work as required by law. We hope to complete all investigations and approve applications before July 1," the Executive Director said.

"Record of birth dates, property owned, cash in bank, residence, and citizenship should be ready to show

the investigators when they call during the next few weeks," Mr. Carpenter advised.

—FROM AUSTIN OFFICE.

THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF APRIL 5:

1830—Law of April 6 was made effective, practically forbidding further American colonization of Texas; sending Mexican soldiers into Texas; establishing customs houses at ports to tax Texas trade with New Orleans.

1836—Santa Anna advanced, arriving at San Felipe on April 7.

1836 — Santa Anna arrived at Thompson's Ferry on April 11, Sam Houston began crossing the Brazos in advance southeast toward New Washington, Galveston Bay.

1860—A Democratic convention was held in Galveston early in April by which delegates were appointed to represent the Democracy of Texas in the national convention which had been called to meet in Charleston, S. C., on April 23.

1861—Colonel Earl Van Dorn ordered to take command in Texas and drive out Federal troops and take possession of federal supplies for the Confederacy.

CARLTON 4-H CLUB

The Carlton 4-H Club met at the home of our sponsor, Mrs. Earl Kirks. The time was spent working on cup towels. We have to finish a certain amount of work in order to go to the encampment this summer. We have to make cup towels, aprons, can food and do other work. Our club will meet again April 10th.

"52 YEARS IN JONES Co."

Red & White Grocers Celebrating Fifteenth Birthday This Week

CHICAGO, Ill., April 1936.—Joy next to each other—get along and happiness reigns in the hearts of thousands of independent grocers through the nation this week. Stores are decorated with gay pennants and gala sales are in progress because they're celebrating the 15th anniversary of the Red & White co-operative. This organization is known as the "Daddy" of the voluntary chains.

REASONS TO BE HAPPY

Few years ago the independent grocer business was melting away. Thousands were stricken into bankruptcy. The outlook was rather bleak.

However, an idea was conceived that has revolutionized the independent grocers' methods of operation. The plan simply consisted of cooperation between a group of food packers, wholesalers and retailers. This type of co-operative movement is now called a voluntary chain. And these voluntaries have grown by leaps and bounds.

Over one hundred thousand independent grocers are now affiliated with some voluntary group, and nearly one-third of the nation's entire retail grocery business is handled through stores affiliated with a voluntary. The voluntaries' membership is still gaining, and national trend seems definitely toward this new mode of business operation.

HOW IT BEGAN

In the early part of 1921, a far-seeing wholesale grocer in Buffalo, N. Y., Mr. S. M. Flickinger, conceived a plan to save the independent merchant. He visited hundreds of them and suggested that they all work together—"that human beings can only eat a limited amount of goods—so why not organize a group of packers, wholesalers and retailers on a co-operative basis?" Mr. Flickinger's philosophy was the "golden rule." Several grocers and packers agreed to try working together, and thus began the development of the first voluntary chain—Red & White.

ORGANIZATION EXPANDS

Other wholesale grocers throughout the United States were attracted to the Red & White plan. Several went to Buffalo and discussed their mutual problems with Mr. Flickinger. He permitted them to organize similar groups patterned after the Buffalo "Red & White" development. Soon units sprang up in Minneapolis, Toronto, and Denver. Red & White grew in a series of rapid strides to national importance.

Others started similar organizations. Some are being successfully operated today. This idea has become the salvation of the army of independent grocers throughout the United States and Canada. It turns subject failure into glorious success.

The visions of the pioneer members have become realities. Every one of their plans have materialized. The growth of Red & White has been truly marvelous, and an inspiration to American business ingenuity.

Today there are many thousands of independent Red & White retail stores. They are arranged and operated in accordance with national uniform merchandising plans. All members participate in great merchandising events. The Red & White has become nationally recognized and nationally advertised.

Tourists traveling the length and breadth of the United States and Canada will see thousands of these Red & White stores everywhere. They will be struck with the uniformity of appearance as well as the unity of merchandising operations.

The tremendous volume of the organization may be judged by the fact that last year approximately one hundred twenty-five million Red & White items went into the homes of the citizens of the United States and Canada.

One of the unique principles upon which Red & White was founded is the application of the golden rule. Do unto others as you would have them do unto you.

This basic principle of operation has proven highly successful. It adds a fraternal atmosphere to the organization and forms a bond that not easily broken.

There are instances where two Red & White stores operate right

A REVIVAL

THAT REVIVED

The good of any revival is best seen in the "after the revival" results. There has been a most wholesome affect that seems to be gaining in depths and appreciation since the closing service last Sunday night. A good Missionary Society meeting Monday and a nice donation of twenty-five dollars to the church incidentals.

The Sunday School Council Monday night was well attended and each one present seemed to have new interest in the work, and a hopeful look forward.

The "Booster Club" picnic Tuesday P. M. had an attendance of more than fifty and everyone was there for a good time.

Those in attendance at the Prayer Meeting Wednesday night came with a new spirit in their prayers and a hopeful ring in their testimonies.

The reaction of the people downtown is that of gratitude for the messages and conduct of Dr. Call's and Mr. Milby while in our midst. It was the most successful church meeting that I have seen in years. Already there is talk of having these men back for another meeting at some time in the future. We are grateful to the other churches of town for their fine co-operation and the financial aid given in the collection. The offering Sunday A. M. was very good and given with a willing spirit. The dust storm Sunday P. M. cut our closing crowd some but all told it was a good closing day and a nice offering. The incidentals of the meeting was sufficient to take care of the bills accrued. Thanks to all who had a part in the success of the meeting.

Next Sunday is Easter, and people feel an urge to go to church on Easter. There were forty-seven men in the Bible Class last Sunday. Make it fifty this time. Bring your letters of transfer, or join on profession with others that are coming. Get in the harness and let's keep the revival fires burning. Our future as a church is dependent on our Christian living and loyal support of the forward looking program provided. Keep that pledge that you made to God during the meeting and your future will grow brighter day by day. Your pastor and church are counting on your loyalty to Christ.

H. A. LONGINO, Pastor.

A COMMENDATION TO

A VERY WORTHY CAUSE

GENTLEMEN OF THE
HAMLIN SCHOOL BOARD,
GREETINGS:

Having lived in Hamlin for nearly four years, and two of my children having graduated from the Hamlin High School, I feel that on the eve of my departure from our little city that I must say a few words relative to the "school system of the town."

FIRST. I desire to speak of the whole-hearted, broad minded, Chris-

tian spirited, high moral ideals and courageous convictions of our Superintendent, Prof. C. G. Green, who not only possesses the ability of a modern school man, but has such a well defined code of morals, and such deep religious convictions as to make his very presence in the school a veritable protection to the young life coming under his care. I owe much to him for the good solid training and moral stamina he has built into my children.

SECOND. It is with pleasure that I refer to Professor Bennett and all the faculty that my children have been under as being as high a type of ladies and gentlemen I have ever known.

LAST—but by no means least—Standing round about, and by, Professor Green and his faculty are the gentlemen of the School Board like a group of sentinels to guard every interest of the school. And they guard its interest with jealous care. Every single time I have contacted these gentlemen in any way it has been to come from their presence with greater respect than with which I approached them. I am sure that no president of a school board ever tried to inject into the minds of

either the teachers or students a more noble Christian attitude toward life than Mr. Russell has done.

It is with sincere regret that circumstances has made my going from Hamlin a necessity, but my love for Hamlin and her school system will forever live in my mind and heart as an institution I deeply love and appreciate.

Very respectfully,

J. H. WHITAKER,
Pastor Nazarene Church.

DISTRICT PRESIDENT AT

P-T. A. MEETING

NEW OFFICERS ELECTED

The seventh regular meeting of the Hamlin P-T. A., last Thursday, was honored by having its District President, Mrs. J. B. Day, of Rotan, as guest speaker. Mrs. Day has been president of District No. 14 for the past four years and has been active in the Parent-Teacher work for 12 years. She spoke of it as being "a service of love to those who have been so loyal and devoted to the great adventure of becoming better parents and teachers."

Mrs. Day first gave the objects of the P-T. A. and reasons for becoming

a member of the local, state and national organization. It is the largest group in the world which centers its entire interest in child welfare. She gave much information about how the state and national organizations serve the local groups. Next she brought thoughts to the hearts of each one in showing that the work is to solve problems which cause misunderstanding. Most difficulties are removed when we understand them. "We should not be so impatient with our children, for after all, we have them, with us for such a short time; our labors with them should be counted a joyous service."

In the business meeting officers for the next year were elected; Mrs. Mac Brundage, president; Mrs. Mary Farrow, vice president; Mrs. Bob Low, secretary; and Mrs. Tate May, treasurer. These officers with the retiring president, Mrs. B. W. Nobles and the chairman of the program committee to be selected, were elected to go to Spur to the District Conference, April 17 and 18.

Hamlin is making plans to invite the District Conference to Hamlin next year. This will give local members the best opportunity to become

acquainted with the work in the field of service.

Mr. Hastings' room won the attendance reward.

—REPORTER.

DEATH ON THE HIGHWAY

The Travelers Insurance Company has issued a book entitled "Live and Let Live." It deals, through statistics and graphic illustrations, with the traffic accident record in 1935, when 36,100 lives were destroyed by automobiles. It would be a great thing for the cause of safety if every citizen could read the booklet, meditate upon it, and act upon the lessons it gives and implies.

What caused serious accidents last year? As in the past, excessive speed was the undertaker's best friend, accounting for 31 per cent of all accidents in which persons were killed and injured. A heavy foot on the accelerator smooths the path to the morgue.

Next came driving on the wrong side of the road, the cause of 17 per cent of the accidents. "Keep to the right" seems to be a laugh to many drivers.

Cars not having the right of way caused 15 per cent of the accidents. Their drivers saved a second or two—at the expense of life and health.

Fourteen per cent of the accidents occurred when cars drove off the highway. Many causes may enter into this type of accident—and drunken driving, which seems to be on the increase, is among them. A substantial portion of motorists must be taught, no matter how roughly, that alcohol and gasoline make a poor mixture.

Reckless driving caused 13 per cent of the accidents, with the remaining 10 per cent laid to miscellaneous causes.

Think over this list. How often have you been guilty of one or more of the violations listed. Sure, you got away with it last time—but remember that next time you may not be so lucky.

"MAN AND THE MOTOR CAR"

The National Bureau of Casualty and Surety Underwriters has issued a book, "Man and the Motor Car," designed for the high schools of the nation. The book is edited by Albert W. Whitney, Associate General Manager of the Bureau, and represents the cumulative work and experience of many experts, including safety and automotive engineers, and teachers from our foremost institutions of learning.

The book is about as exhaustive a treatise on the driving problem as anyone could wish. It does not limit itself to a technical discussion of driving a car, but treats the whole social phenomenon of the automobile and its meaning to America in a highly interesting and simple fashion. There are chapters on "The Driver—His Nature and Habits," "Codes of the Road," "The Art of Driving," "Your Car and How to Maintain It," "The Pedestrian in the Automobile Age," and so on. At the end of the 299 pages of text, there is an appendix which includes a series of questions whereby the student may be tested as to just how well he has retained the information the book contains. Many sketches and diagrams scattered through the chapters add clarity and interest.

A number of states require that safety education be made a part of high school curriculums—schools in other states have voluntarily adopted safety courses. And it is difficult to see how any branch of study could be of more practical use to the growing generation. Today there is an automobile registered for every six persons in the country—tomorrow the ratio may be one to every three or less. And, as car speeds are increased and greater mechanical excellence is attained, the automobile's toll of death, injury and property destruction soars. The automobile and road engineers have done their part to make motoring safe—the driver has failed. And only an aggressive educational campaign to show the youth of the land how cars may be properly operated can assure that the driver of the future will live up to the responsibility that develops upon all who take the wheel of a car.

—HERALD WANT-ADS PAY.
—IT PAYS TO ADVERTISE.

Before you tell another where to go, be sure that he will not send you there.

IOWA WOMAN HOLDS

UNUSUAL DRIVING RECORD

If there are trophies to be awarded for safe driving or medals to be presented for long distances on the highways of the country, they had better be polished up and made ready to give away, for here comes an Iowa lady to claim them all with the astounding record of over 1,000,000 miles in the short space of 13 years and not a single accident to her name.

Nothing wonderful about that? Well, no one has offered to equal it.

The lady is Eva Jordan, 65-year-old resident of McGregor. She is an employee of the Iowa State Hospital at Iowa City and she won her spurs in the driver's seat of her own cars on the highways of eastern Iowa. Her job is to take patients to and from the hospital and their homes.

Miss Jordan's average yearly driving distance during these 13 years has been equal to more than three times around the world. And the first put her hand to a steering wheel at the age of 52, thirteen years ago, when this remarkable marathon performance began.

She has owned 14 cars. The last ten of them have been Pontiacs, starting with the first Pontiac six years ago. The present car is a new 1936 model. Since 1930 she has put over 100,000 miles on each of her five cars, the longest distance being 137,000 miles on the 1930 Pontiac six. All told, Miss Jordan has driven her Pontiac cars over 850,000 miles.

She explains that her upkeep has been confined to ordinary maintenance expense, with the installation of new oil rings on the pistons at about 65,000 miles.

Modest and retiring in the extreme when it comes to talking about her unique accomplishments, Eva Jordan observes a simple code of safe driving which she holds will cover every contingency. It calls for driving at a moderate but steady speed; at all times watching the road and the rear vision mirror. She keeps conversation at a minimum while driving.

Miss Jordan is not married. She lives with her sister, who keeps house for her and does the cooking.

Like the proverbial postman who takes a walk on Sunday afternoon, she has taken two rather lengthy automobile vacation trips; both of them to Colorado.

Her chief diversion is reading with a preference for the popular current magazines. Although she has no fa-

Let's Talk about Clothes

TEXAS STATE COLLEGE

FOR WOMEN (CIA)

DENTON, March 19.—Designers point out unmistakable signs of spring—signs that are significant of what smart women are doing to transform their dark winter clothes into gay frocks for the new season. And flowers are leading in the transformation.

Violets, in a lovely English blue, are perched on the tip of gay hats, and small matching bouquets are fastened under the chin to the silk ascot or worn in the buttonhole. Red and white carnations do the famous contrast trick. One white and the other a blazing fire truck red, are tucked in the neck line of a slim navy blue dress. Two more are used on the small straw hat. Mannish suits are not complete without a tiny gardenier in the lapel, and printed silks emphasize a predominating color with a cluster of flowers.

The shops are showing waistcoats

and fake blouse fronts for suits in gaudy new felts in such eye striking colors as scarlet, canary, yellow and bright blue. They are nice with dark tailored suits.

Rather short jackets with three-quarter length sleeves are accented with dazzling white gloves or some of these new tricky affairs of white with red inside section—a half and half arrangement. Despite the startling description these gloves are grand for spring street clothes.

It's cape weather, according to girls at Texas State College for Women (CIA), and there is a decided demand for snappy short capes that look like spring, but act as wind-breakers against any stray winter weather. The most sophisticated outfits are brilliant printed silks with solid wool capes. The capes are always short, sometimes not reaching any lower than the waistline.

tourists visiting Dallas to attend the Texas Centennial Exposition which opens June 6. This announcement was made today by Frank M. Smith, director of the Exposition's housing bureau.

All these rooms will be available at moderate cost. The Dallas Hotel Association, including all local hotels and the Dallas Restaurant Association, embracing local restaurants, have signed a formal pledge to the effect that there will be no

increases in room rent or food prices in Dallas during the progress of the \$25,000,000 World's Fair.

An elaborate system of room registration has been started by Director Smith whose staff will occupy two floors of a downtown office building. Lodging will be found there for all visitors of the type and price which they desire.

Mr. Smith promises that every visitor to the Exposition will be comfortably housed. The official

Housing Bureau registers all rooms free of cost and will operate through the Exposition period.

SAYS our neighbor across the street, "A man's house should smell friendly when he comes up the path on a chilly day." And there is nothing more friendly than the fragrance of fresh-baked risen buns—all done up with cinnamon and brown sugar—and a nutlike cereal to add a delicious crunchiness. You will find the dough rises very quickly—in 2 1/2 or 3 hours, but if you want to hasten still more—use two cakes of yeast instead of one.

Risen Buns
2 cups milk, scalded; 1 cake compressed yeast; 2 teaspoons salt; 2 tablespoons sugar; 4 cups sifted flour (about); 4 tablespoons melted shortening; 1 cup Grape-Nuts; 1/2 cup butter or other shortening; 1/2 cup brown sugar, firmly packed; 1 teaspoon cinnamon.

Cool milk to lukewarm; add crumbled yeast cake, salt, sugar, and 2 cups flour, and mix thoroughly with wooden spoon. Add shortening, stirring well. Add Grape-Nuts, then flour to make a dough which can be handled easily. Turn out on floured board and knead until smooth and elastic, adding flour as necessary. Place dough in greased bowl and brush surface with melted shortening; cover with cloth and let rise in warm place until doubled in bulk. Knead lightly in bowl and again let rise until doubled in bulk. Roll into rectangular sheet, 3/4 inch thick; spread with mixture of 1/3 cup butter, brown sugar, and cinnamon. Roll as for jelly roll; cut in 1/2-inch slices. Spread remaining butter in bottom of 9 1/2 x 13 1/2-inch baking pan and sprinkle with 4 additional tablespoons brown sugar; arrange rolls close together on mixture, cover, and let rise until doubled in bulk. Bake in hot oven (400° F.) 30 to 35 minutes, or until done. Makes about 3 dozen rolls.

Plans For New Agricultural Program Received

MISS JEWELL FAULKNER, CHEDA.
R. H. MAXWELL, Co. Agent

Plans for the new agricultural program to put into effect the Soil Conservation and Domestic Allotment Act have been received by R. H. Maxwell, agricultural agent of Jones County. State and District meetings have been held to acquaint extension agents with the substance of these plans and meetings of farmers will be held all over Texas during the next few days, Mr. Maxwell said.

High points in the program are: crops all classified. Three classes have been set up. These are soil depleting crops, soil conserving crops and soil building crops.

Two kinds of payments will be made to farmers for land use—soil conserving and soil building payments, but the money for both will come in one check. And this money will come only after the farmers have actually put into effect certain practices which conserve the soil on the farm.

Based established on old reduction contracts will be taken as a guide for establishing the base for the 1936 on the soil conservation program, with, of course, due allowance for crops not included in former contracts.

Organization of farmers to administer the program will be under way in many counties before the end of March. The farm demonstration councils or other key farmers will divide the counties up into communities of approximately 500 farmers. Each one of these "communities" will then elect three committeemen. These "committeemen" constitute a County Soil Conservation and Allotment Board. The county board will elect three of its members to serve as a county committee. The county agent will represent the Secretary of Agriculture to the county.

Since the entire acreage of every farm must be listed on the work sheet in planning for the soil conservation has been set up as a classification work a neutral classification has been set up as well as the red-crop classification.

In general it will be easy to remember that the soil depleting crops are mostly row crops, while soil conserving and soil building crops are the legumes, grains and grasses that are used for cover

crops and to turn under as green manure. The neutral classification includes idle land, fallow land, woodland, non-crop land, pastures, yards, lanes, roadways, vineyards and so forth.

About 20 per cent of the base acreage in soil depleting crops must in 1936, be classified as soil conserving or soil building crops in order to qualify for participation in the program. The actual ratio will be determined by adding 20 per cent of the cotton base acreage to 15 per cent of the base acreage of other soil depleting crops. In other words, the required ratio of soil conserving and soil building crops to soil depleting on a strictly cotton farm would be 20 per cent; on other farms it would probably be less than this figure.

The maximum cotton acreage on any one farm upon which soil conserving payment will be made is 35 per cent of the cotton base.

No payment will be made for acreage taken out of food and feed crops unless the 1936 acreage in such crops is at least equal to the actual needs of the farm family and work stock.

Corn interplanting with peas will be considered 50 per cent corn and 50 per cent peas in calculating bases and performance.

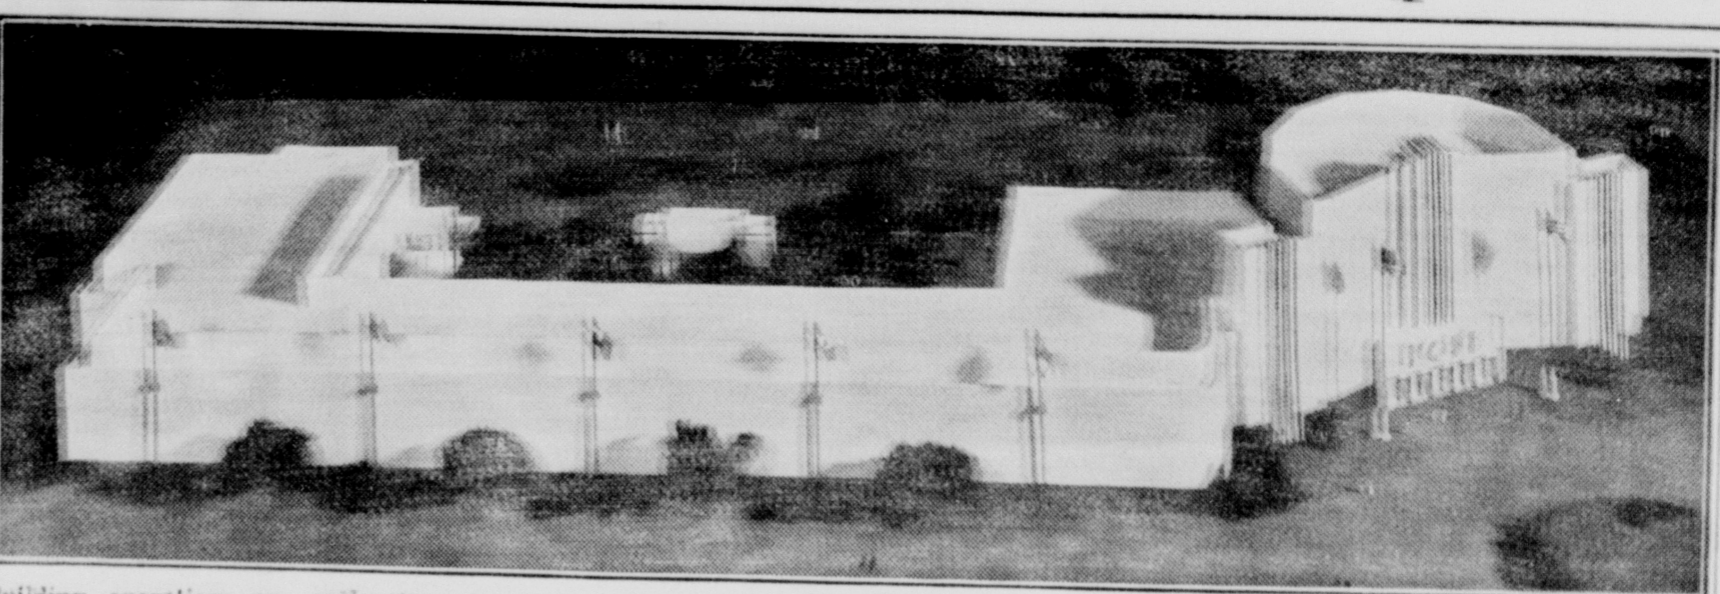

The soil conserving payments will be based on the productivity of the land; for cotton it will be five cents per pound; for peanuts 1 1/2 cents a pound; for rice it will be 20 cents for each 100 pounds of the producer's domestic consumption quota, subject to certain specified agreements; and for the other soil depleting crops the rate per acre will vary among the states and counties, depending upon the productivity of the land.

The division of payment between landlord and tenant is arrived at in two ways: the division of the soil conserving payment is 87 1/2 per cent to the producer who furnishes the land; 12 1/2 per cent to the producer who furnishes the workstock and equipment; and 50 per cent to be divided among the producers as the crop is divided.

The soil building payment will be made to the producer who has incurred the expense entailed in the soil building crops or practices.

With regard to wheat the situa-

Ford Building to House Pageant of Transportation

Building operations are under way on the Ford Exposition Building, model of which is shown above, for the Texas Centennial at Dallas, according to officials of the Ford Motor Company.

The Central Contracting Company of Dallas, Texas, has been awarded the general contract for the Ford Exposition Building. It was announced today. The same firm was previously given the foundation contract. The plumbing and ventilating contract will be let later this week.

Excavation for one hundred twenty-one column footings and the pouring of approximately eight hundred cubic yards of concrete for

the foundation will be completed this week. Erection of three hundred sixty-three tons of steel will be started immediately, according to officials of the Mosier Steel Company of Dallas, who were given the steel contract. It is estimated the steel frame work will be completed April 12th. The building will be of steel, concrete and sheetrock. It will be completed for the opening of the Exposition June 6th.

The structure which will have a complete air cooling and humiditying system, will contain 55,000 square feet, of which forty-three thousand square feet will contain an interesting group of exhibits showing manufacturing and testing

processes used by the Ford Motor Company at its River Rouge plant at Dearborn, Michigan. There will also be a pageant of transportation, dioramas showing the progress of raw materials from the soil of the Southwest to the finished parts of Ford cars and an exhibit from the Henry Ford Trade School.

An outdoor court adds thirty-six thousand square feet to the exhibit's total space. The court will be attractively landscaped with trees, shrubs and flower beds. There will be comfortable chairs and benches distributed in the court where visitors may relax in the shade under colorful umbrellas. There will also be a display of passenger and commercial cars and trucks in the court.

On one side of the Ford Building will be a group of nine reconstructed historic roads and trails known as the "Roads of the Southwest." Each unit of the series will be surfaced with an exact duplicate of the original paving material used on the roads which played important roles in the development of the Southwest. Included in the roads will be San Antonio Road, Fort Worth Pike, "Chisholm Trail," Interfield Stage Road, Santa Fe Trail, Pan American Highway, Yuma Road, Magazine Street in New Orleans, and Main Street in Dallas.

tion is rather different, since wheat growers had signed applications for contracts with the Government for a 1936 wheat program. Congress has voted that existing applications are to be considered as obligations and are to be carried out and payments made on them. Wheat farmers may arrange their fall planting in 1936 to be included in the new program later.

CROP CLASSIFICATION LISTED

In Texas the crops which have been listed as soil depleting are: Corn, (including broom corn and sweet corn), cotton, tobacco, Irish potatoes, sweet potatoes, rice, sugar cane, commercial truck and canning crops, including melons and strawberries; peanuts, if harvested as nuts; grain sorghums, sweet sorghums and millet; small grains, harvested for grain or hay, (wheat, oats, barley, rye, and small grain mixtures).

Crops listed as soil conserving are annual winter legumes, including vetch, winter peas, bur and crimson clover, biennial legumes, including sweet and alsike clover, perennial legumes, including alfalfa, kudzu and sericea, with or without such nurse crops as rye, oats, wheat, barley, or grain mixtures, when such nurse crops are pastured or clipped green; summer legumes, including soybeans, except when produced for seed for crushing; velvet beans, cratalaria; cowpeas, and annual varieties or lespedeza; peanuts when pastured, perennial grasses, including dallis, redtop, orchard, bermuda, carpet, or grass mixtures, and Sudan grass, with or without such nurse crops as rye, oats, wheat, barley or grain mixtures, when such nurse crops are pastured or clipped green; winter cover crops including rye, barley, oats, small grain mixtures, winter pastured or not and turned as green manure, or if harvested and followed by summer legumes; and crop acreage planted to forest trees since January 1, 1934.

Those crops which are listed as soil building are: Annual winter legumes, including vetch, winter peas, bur and crimson clover, turned under as a green manure crop; biennial legumes, including sweet and alsike clover; perennial legumes, including alfalfa, kudzu, sericea; and annual varieties or lespedeza; summer legumes, including soybeans, velvet beans, cratalaria, and cowpeas, if forage is left on the land; winter cover crops, including rye, barley, oats and small grain mixtures turned under as green manure and followed in the summer by an approved soil conserving crop; and forest trees, when planted on crop land in 1936.

The neutral classification includes: vineyards, tree fruits, small fruits or nut trees, idle crop land, cultivated fallow land, including clean cultivated orchards and vineyards, wasteland, roads, lanes, lots, yards, woodland, other than that planted at owners expense since 1933.

For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lake Ark, writes: "My husband and I both take Theodor's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

WOMEN IN SPORTS

POLO — Virginia Rainier, 19, has been one of the country's leading woman poloists for the past two years. She's a portrait painter by profession and her hobbies are police dogs.

BRIDGE—Mrs. Robert F. Fuller of New York is the only woman bridge player to get a place on this year's all-America team, selected by Shepard Barclay, bridge editor of Collier's Weekly.

OUTDOOR CHAMP—Alvina Alverson of Hamilton County, Iowa, 18 and blonde, has been selected by The Country Home as "head girl" of all the 4-H clubs in the country. She's a freshman at Iowa State College, and her sports specialties are swimming, archery, dancing and hiking.

BILLIARDS—Ruth Harvey, less than five feet tall, is America's national women's pocket billiards queen. She comes from Republican City, Neb., and Santa Monica, Calif., and has just received the monthly Hall-of-Fame award from the American magazine for her achievements in sports.

Milestones of American Genius

Memorial to the discoverer of North Pole erected at Arlington Cemetery, Washington, D. C.

ROBERT EDWIN PEARY

In a generation when commercial and political success were the goals of most men, Robert Edwin Peary devoted himself to the hazardous life of extending man's knowledge of the world in which he lives. His discovery of the North Pole marked the apex of his career of exploration. It was touched, unfortunately, by bitterness because of the alleged earlier discovery of the Pole by Dr. Cook.

Peary was born on May 6, 1856, at Cresson, Pa., but spent most of his youth near Portland, Maine. Even as a boy he showed the persistence in reaching the top which ultimately, after twenty-five years of hardship, brought him literally to the top of the world.

He was educated at the local public schools and at Bowdoin College, where he took an engineering course. After graduation he entered the Navy, joining the corps of civil engineers. It was while serving in this corps that he came across an article describing the inland ice of Greenland. He developed the theory that this ice cap might make an accessible route to the North Pole. Finally, in 1898, he persuaded Navy officials to grant him a leave of absence to explore

the region. From that time on, until he achieved his goal, he had but one purpose—to conquer the Arctic wastes and arrive at the Pole.

Six trips were made with rigorous hardships and deep discouragement. Between trips he faced the even more difficult task of raising money for continuing the explorations, and securing government permission to leave with another expedition.

The seventh attempt was begun in July, 1908, and was successfully completed on April 6, 1909. Peary returned from the Pole to find that Dr. Cook had just announced his own supposed discovery of the Pole before Peary. It was a bitter blow. But before Peary's death, Dr. Cook's claims were proved without foundation, and to Peary went the well-deserved honor of having been the first man to reach the top of our globe. In recognition, he was made a Rear-Admiral.

At his death in February, 1920, Peary was buried in Arlington National Cemetery. The distinctive memorial shown above was erected on his grave. Another memorial has been projected at his birthplace. In the thrilling story of American exploration, his name is forever engraved.

Society and Clubs

EASTER THEME USED FOR PARTY

Saturday afternoon Mrs. Paul A. Fowler and Mrs. M. T. Woodward were co-hostesses in the home of Mrs. Fowler with six tables of bridge.

Bridal wreaths and sweet peas decorated the rooms and an Easter motif predominated in all appointments. At the tea hour orchid sweet peas centered the tables and an attractive salad plate featuring the Easter theme was served.

In the bridge games Mrs. R. H. McCurdy held high score and was presented a potted plant. Mrs. C. C. Prater received the consolation prize, a small what-not case.

The guest list included Mmes. Mac Brundage, Turner Bynum, Maurice Smith, C. C. Prater, R. H. McCurdy, R. W. Morgan, Fred B. Moore, J. P. Morgan, Art Carmichael, F. D. Wells, Charles Myers, Walter Cluney, B. L. Jones, A. D. McLaughlin, W. S. Johnson, Milton Wilson, Henry Albritton, H. O. Cassie, O. L. Henry, Arice Jones, W. S. Pike, A. D. Ensey, Mrs. Scott, of California, and Miss Leone Meadow, of Wichita Falls.

MRS. WILLINGHAM HOSTESS TO CLUB

Mrs. Roy Willingham was hostess to the Kongential Klub in her home on Central Avenue, Tuesday afternoon. Four games of contract were played with Mrs. Maples and Mrs. Tumlin holding high score.

A salad plate with tea was passed to Mmes. J. Frank Johnson, Roy Flowers, Oscar Maples, A. R. Elam, R. M. Greenhill, G. H. Tumlin and R. D. Moore, Jr.

MRS. PAYNE HOSTESS

Mrs. D. J. Payne was hostess to the Blue Bonnet Club, entertaining in her home on Jackson Avenue, Wednesday afternoon with two tables of bridge. High score was made by Miss Allie Whiteley.

Following the games sherbert and sandwiches were served to Mmes. J. C. Culbertson, J. E. Bury, Oscar Maples, George Bender, W. J. Poe, and Misses Allie and Pearl Whiteley.

In the business session the fol-

lowing officers were elected: Mrs. Bender, president, Mrs. Bury, Vice-President, Mrs. Payne, Sec'y-Treas.

MRS. MOODY HOSTESS TO CLUB

Wednesday afternoon Mrs. J. E. Moody was hostess to the Utopian Club in her home on Lake Drive. The usual three tables of contract were in play with Mrs. Henry Albritton, Mrs. Clinton Barrow and Mrs. Bill Rountree included as guests. High score for the club was made by Mrs. Taylor and for the guests by Mrs. Barrow. Salads, sandwiches and coffee was served.

Members present were Mmes. W. R. Calhoun, Turner Bynum, C. G. Green, J. T. Bynum, D. D. Harden, Alford Harden, J. P. Morgan, F. B. Moore and J. F. Taylor.

COLONIAL CONTRACT CLUB ENTERTAINED

Mrs. J. E. Moody entertained the Colonial Contract Club and other guests in her home on Lake Drive Tuesday afternoon.

An Easter theme was used in game appointments and repeated in the attractive salad plate.

Members present were Mmes. Turner Bynum, Mac Brundage, A. D. Ensey, Elmer Feagan, P. A. Fowler, Alford Harden, Bob Low, W. S. Pike and Tom Williams. Guests were Mmes. B. L. Jones, C. C. Prater and D. D. Harden.

MARRIED

The Herald has a postal card report of the marriage of Mr. Jim Brown and Miss Lorane Reynolds on Saturday night, March 21, at the home of Rev. Hardesty of McCaulley. Mrs. Brown is a daughter of Mr. and Mrs. Virgil Reynolds of the McCaulley community. Mr. Brown is a son of Mr. and Mrs. T. S. Brown south of Hamlin.

Mrs. E. E. Verner, of Rule, sister of Dee Campbell, spent several days here this week "keeping store" while her brother was in the Dallas market. Mrs. P. H. Campbell, also of Rule, came over Tuesday.

A person seldom looks better than he feels.

GUESS AGAIN!

You could guess and guess and guess and never guess all the fun there is going to be in the Senior play. The name of it is "Guess Again" and it is just chuck full of laughs. For one thing, there is Olive Ordway, who is a scream! She is a health faddist who tells you to eat raw cauliflowers and peanuts and teaches you how to use your diaphragm. (Whatever that is.) Eenie, meenie mini mo—which is the REAL Lord Wiggleton? We have four in "Guess Again" and don't know which is really HIM. Next is Mrs. Skinner, who is rather antique. It's worth your money just to see HER in one costume—her bathing suit. Then there is the nutty porter, Waldo. He thinks he is a combination of Barrymore, a serving maid, a mountaineer, Al Jolson, a big business man and—a few other things. You will roll in the aisles when you see him making love to a BROOM!

Marcella Jinks is the journalistic girl wonder from the Tribune who helps to get things very nicely messed up. Janet Moore is a college girl who is working at Edgewater Inn and Bill Douglas, college boy, is usually in her vicinity. Renee Lamour is a Hollywood chiseler who claims to be Lord Wiggleton's fiancée but the poor girl doesn't know which IS Lord Wiggleton. Mr. Grimes resolves not to give Bill a job near Janet but soon changes his mind. Lulu Perkins, American newspaper syndicate feature writer gets rather confused and yelps for police. "Soak-Em-Hard" Pratt, the banker, starts out to be a villain, but goes soft after he learns to do Olive Ordway's new uplift walk. Sol Messer, president of Superior Films, Inc., proclaims, "This is a nightmare." Dora Mae, Mrs. Skinner's impudent daughter, wants an English Lord, too, but somehow she can't decide which one.

Oh—you can't afford to miss "Guess Again" and it is to be given April 30, at the Hamlin High School Auditorium. We'll be seeing you but bring your smelling salts and as Marcella says, "Get your feet braced."

—Senior Reporter.

Mr. and Mrs. Roy Stine and little son and little Miss Hazel Adkins, of Vernon spent Sunday with their parents, Mr. and Mrs. J. B. Adkins.

B. B. Colwell and Joe Simpson were visitors to Stamford Monday evening.
